

Ascension

The Ascension range from Hacer Lighting's recently introduced Desire catalogue is a superb harmonisation of die-cast aluminium, high quality etched glass and energy efficient T5 Circular Fluorescent (20,000 hr. average lamp life). The stylish gear housing is designed to accept numerous gear types including dimming and despite its minimal size, integral emergency versions. Available in both Wall Light and Pendant versions, the Ascension is of the very highest standard and is eminently suited to architecturally led projects including prestigious office, hotel, restaurant and stairway applications.
